

The best support for AV & IT hardware

Neomounts by Newstar

Neomounts. It's all in the name. We continuously strive to evolve in everything we do and the products we offer. Neomounts by Newstar offers a comprehensive, up-to-date assortment of more than 500 high quality mounting products, following the latest trends in the AV and IT market. Our sole mission is that you experience the best viewing position, optimal working position and maximum comfort while using your device.

Neomounts Select

Our premium product range Neomounts Select consists of a vast assortment of select products designed with an eye for every detail and using the highest quality materials. Neomounts Select offers clever high-end mounting solutions which can be used in the office, retail, education, government, healthcare, hospitality and home use.

Neomounts Pro

Neomounts Pro offers a complete product range dedicated to professional mounting solutions. The wide assortment offers ceiling, floor and wall mounts for large format displays, multi-screen video walls and digital signage. Neomounts Pro products are favoured by professionals due to the reliability, high quality, ease of installation and value for money.
