

Mini Totem 50", Black

We are now offering a new, mobile, version of Mini Totem in sizes 50" and 43". The totem is approved by Samsung. In order to make it easier to move and transport the totem you can now add wheels to the totem.

The totem is delivered with printed hard coated plexi protection. Printed logo can be added. Access of the screen is from the backside. The product is designed to be easy to move to new locations inside the store. Therefore, we designed specific space for an external router.
